《粵拼好易學》第二冊： 踏上聲母韻母拼讀之路

在完成第一冊的學習後，你已經掌握了粵拼的基礎知識——了解粵拼音節的組成、熟悉七大基本韻母，並能運用六個聲調讀出不同的字詞。此外，你也學會了運用幾款好用的自學工具。這些能力，就像「粵拼大樓」的地基，穩固而牢靠。

來到第二冊，我們將邁向下一步：開始系統學習聲母，並與已學的單韻母結合，進行拼讀訓練。我們更會引入由大學語文教育團隊設計、具實證基礎的識字教學法，協助你把粵拼真正用在認字上，讓你一邊學粵拼，一邊學習更多日常生活中常見的字詞。當聲母與韻母配對後，你會發現，你能讀出更多字詞，閱讀能力也會因此大大提升。

在這一冊中，你將會：

- 一、學習多組常用聲母，並掌握它們的正確發音；
- 二、結合韻母進行拼讀，強化發音準確度；
- 三、配合識字教學法，把粵拼運用到認讀更多字詞；
- 四、透過遊戲與任務鞏固所學，讓學習變得有趣又有效。

我們希望，透過第二冊的學習，你能更加自信地用粵語聽、說和讀，為進一步學習韻母和認識更多的字詞打下紮實基礎。

讓我們繼續前行，從這一冊開始，把粵拼真正變成你日常學習和生活中好用的工具！

"Jyutping Made Easy" – Book 2:

Stepping Onto the Path of Initial-Final Blending

After completing Book 1, you have already built a solid foundation in Jyutping. You now understand how a Jyutping syllable is formed, are familiar with the seven basic finals, and can use the six tones to read different words. In addition, you have also learned to use some useful self-learning tools. These abilities are like the strong, steady foundation of a "Jyutping Building."

In Book 2, we will take the next step: you will begin learning initials in a systematic way and combine them with the simple finals you have already mastered to practice blending and reading. We will also introduce a research-based literacy method developed by a university language education team. This method helps you apply Jyutping directly to character learning, allowing you to learn new words while strengthening your phonetic skills. As you pair initials with finals, you will discover that you can read many more words, and your reading ability will grow significantly.

In this book, you will:

1. Learn several groups of common initials and master their correct pronunciation;
2. Combine initials with simple finals to practice blending and improve pronunciation accuracy;
3. Apply a literacy-teaching method to use Jyutping for recognizing more characters and words;
4. Reinforce your learning through games and tasks, making the process fun and effective.

We hope that through Book 2, you will become more confident in listening, speaking, and reading in Cantonese, and lay a solid foundation for learning more vowels and recognizing even more words.

Let's continue moving forward. From this book onward, may Jyutping become a practical and helpful tool in your daily learning and everyday life!

第四課：用舌頭後面發音的聲母「g、k、ng、h」

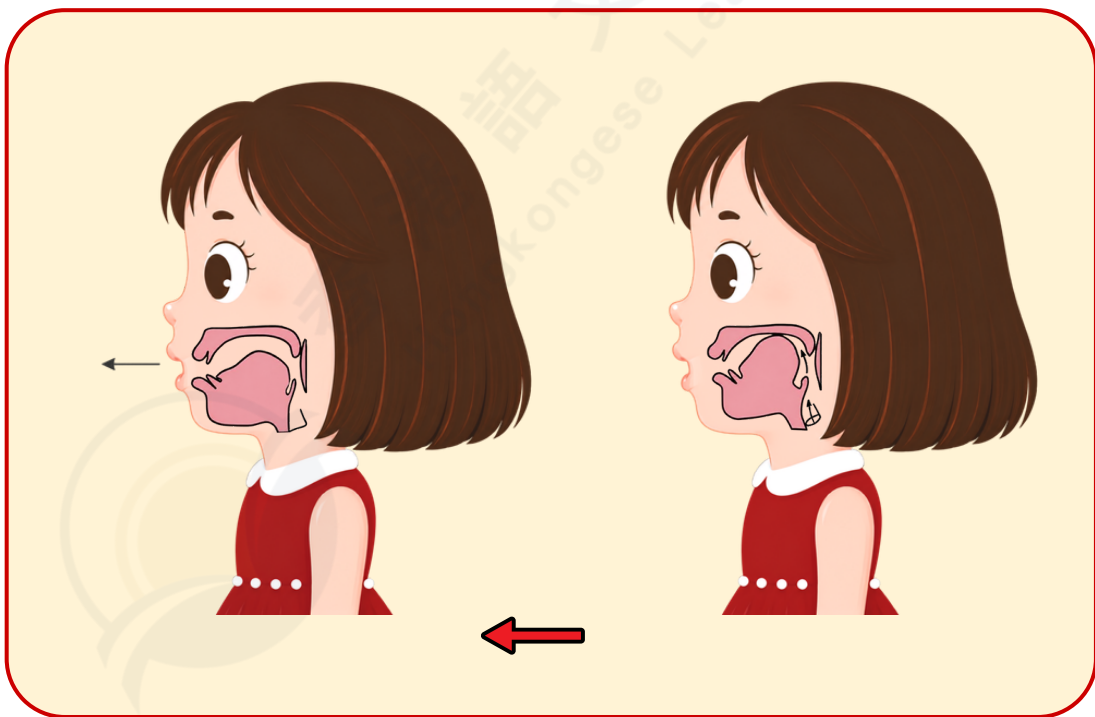

Chapter 4: Back-of-the-Tongue Sounds “g, k, ng, h”

發出 g、k、ng、h 音時，我們會用到舌頭後面。

We use the back of our tongue to make the sounds g, k, ng, and h.

發音時，舌頭後面會向上抬起，靠近口腔後方。

When we make these sounds, the back of the tongue lifts toward the back of the mouth.

g (家) g (gaa)

發出 g 音時，舌頭後面先碰到口腔後方，然後輕輕放開。

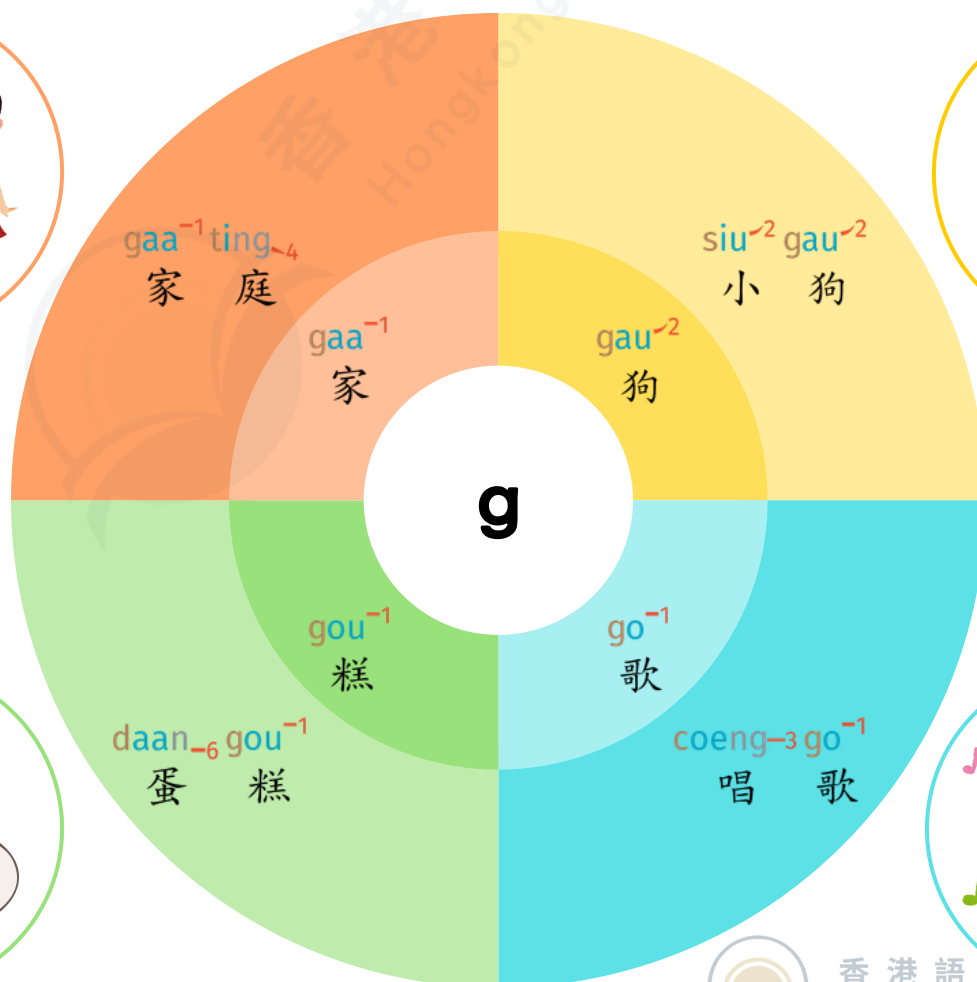

To make the sound g, the back of the tongue touches the back of the mouth and then releases gently.

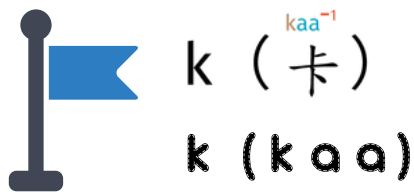

把手放在嘴巴前面，你不會感覺到空氣吹出來。

Put your hand in front of your mouth and say g. You will not feel air coming out.

下面有一些聲母是 g 的字和詞語。

Here are some characters and words that begin with the initial g.

發出 k 音時，舌頭後面先碰到口腔後方，然後吹出一點氣。

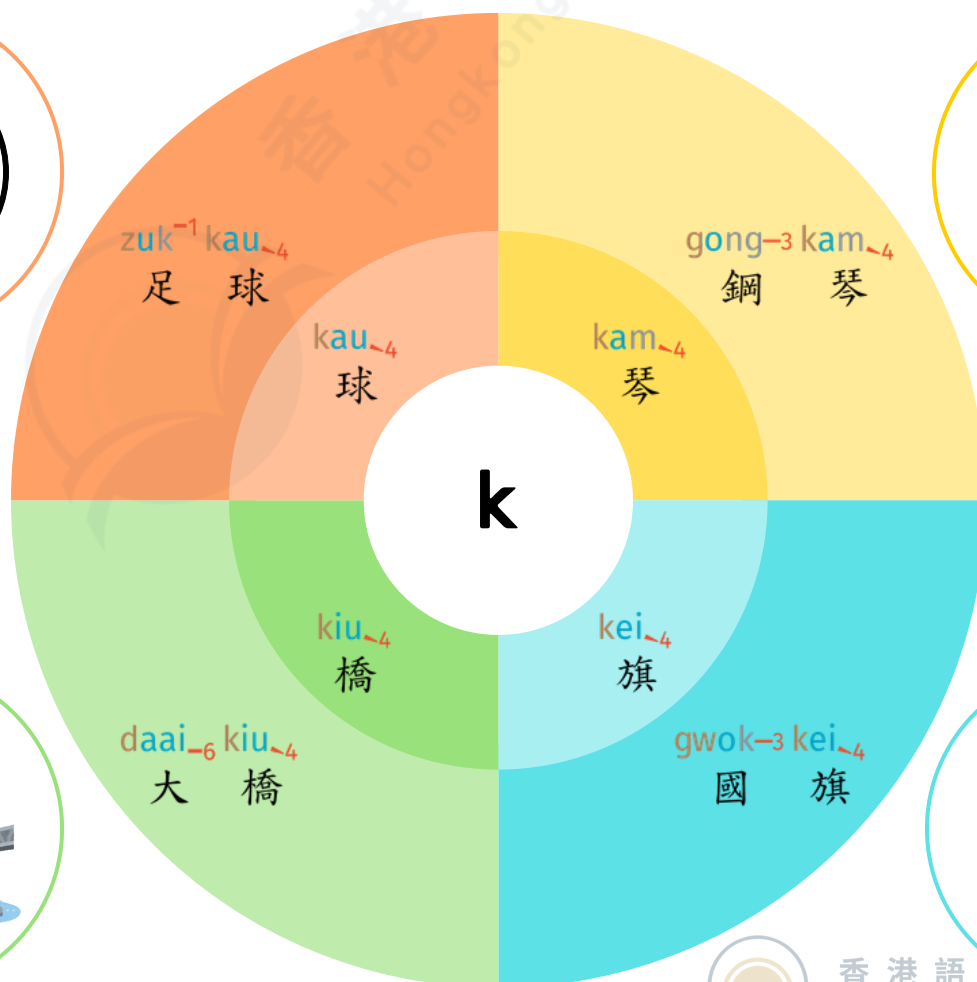

To make the sound k, the back of the tongue touches the back of the mouth and then lets out a little puff of air.

把手放在嘴巴前面，你會感覺到有空氣吹到你的手。

Put your hand in front of your mouth and say k. You will feel some air blowing onto your hand.

下面有一些聲母是 k 的字和詞語。

Here are some characters and words that begin with the initial k.

ng (牙)

ng (ngaa)

發出 ng 音時，舌頭後面碰到口腔後方，讓聲音

從鼻子裏出來。

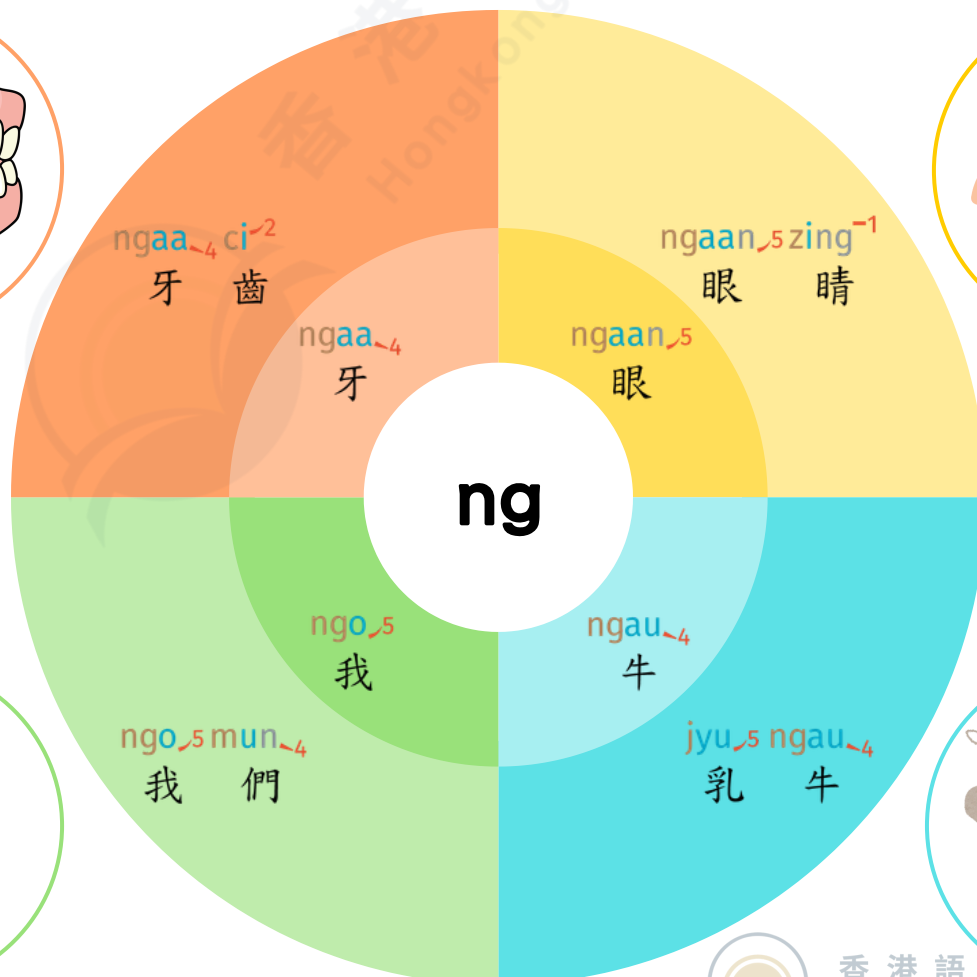

To make the sound ng, the back of the tongue touches the back of the mouth and lets the sound come out through the nose.

把手指放在鼻子上，你會感覺到鼻子微微震動。

Put a finger gently on your nose, you may feel your nose vibrate a little.

下面有一些聲母是 ng 的字和詞語。

Here are some characters and words that begin with the initial ng.

h (哈)

h (haa)

發出 h 音時，嘴巴自然張開，舌頭放鬆。

When making the sound h, keep your mouth naturally open and your tongue relaxed.

空氣會輕輕從喉嚨呼出來，好像呵氣一樣。

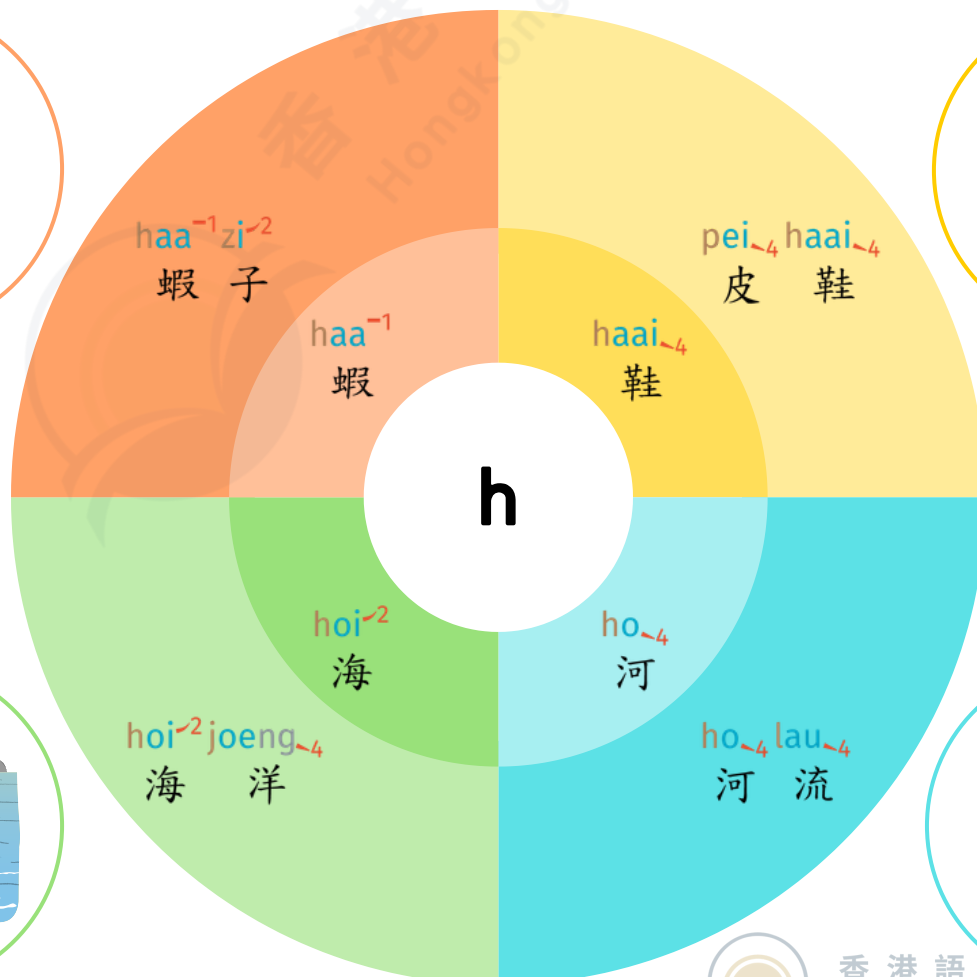

Let the air come gently out from your throat, like breathing out warm air on a cold day.

把手放在嘴巴前面，你會感覺到有空氣吹出來

Put your hand in front of your mouth. You will feel air blowing out.

下面有一些聲母是 h 的字和詞語。

Here are some characters and words that begin with the initial h.

結語

Conclusion

恭喜你！第二冊學完喇！

你已經學會了全部 19 個粵拼聲母，還學了超過 150 個常用字和詞語！

現在，你可以利用這 19 個聲母，配合上一冊學過的七大韻母和六個聲調，拼出不少日常生活中的常用字。

平日不妨多留意身邊的物件，想想它們的粵拼是怎樣拼出來的，把學過的字詞和粵拼連繫起來，你一定會進步得更快！

下一冊，我們會一起學習更多韻母，認識更多字，還會玩更多有趣的粵拼遊戲！

Congratulations! You've finished Book 2!

You have learned all 19 Jyutping initials and more than 150 common characters and words!

Now you can use these 19 initials, together with the seven core finals and six tones you learned in Book 1, to build many common characters used in everyday life.

Look around you every day and try to think about how the names of things are written in Jyutping. Connecting the characters and words you have learned with their Jyutping will help you learn even faster!

In the next book, we'll learn more finals, discover more characters, and play even more fun Jyutping games!
